

Arysta LifeScience

Good Products, Great vision, Exceptional commitment

Since its founding in 2001, Arysta LifeScience, a wholly owned subsidiary of Platform Specialty Products, has been one of the fastest growing companies in the industry and is currently among the top 15 agrochemical companies in the world. Over the past five years, Arysta LifeScience achieved positive sales growth, exceeding the industry average and maintaining its position as one of the world's largest crop protection and life science companies.

We currently have an open position within our Valdosta, GA Laboratory as outlined below:

Title: Chemistry Technician
Status: Full-time temporary, 40 hours / week, up to 6 months
Wages: dependent on experience.

JOB SUMMARY: Perform routine physical property testing of commercial and development formulations using standard test methods. Assist in the analysis of pesticide formulations using HPLC and GC methodology in support of development, regulatory, and storage stability programs

This position will work under the direction of a senior Chemist and the Formulations Manager.

REQUIRED SKILLS/EXPERIENCE

- Minimum requirement is two years of university chemistry laboratory classes. BS in Chemistry is preferred. Persons with a BS degree in related sciences, or an Associate's degree with relevant experience may be acceptable.
- Relevant industry analytical experience is desired.
- Strong preference will be given to individuals with working knowledge of chromatographic instrumentation and techniques
- Proficiency in Microsoft Office, in particular Microsoft Excel
- Excellent communication skills.
- Demonstrated familiarity with safe laboratory practices
